Announcements:

- A special 30th Anniversary celebration: A coffee house is being organized for April 17th. Please plan on staying for the music and potluck after the service.
- As a way to serve the community, BHUUF has tentative plans to take a plot in the Rice Lake community garden, with the food being donated to the local food shelf.. Anyone interested in planning for/working on this, please contact Judy Barisonzi, judith.barisonzi@uwc.edu.
- Reminder: We are collecting spent batteries and compact fluorescent light bulbs for recycling. There are containers in the library at the church. Only Compact Fluorescent Bulbs can be recycled by us, not fluorescent tube or incandescent bulbs. The Compact Fluorescents must be in plastic bags to contain the mercury in the event the bulbs break.
